

Boswellia Carteri Hydrosol

Boswellia Carteri Hydrosol is pure distilled fragrant water produced during the hydro distillation process of our NOP certified *Boswellia carteri* resin. A superb antiseptic with the advantage of a gentle aroma, our hydrosol has a light, slightly sweet woody scent. Spray it on your face and neck daily for a refreshing toner and see a remarkable difference in your skin.

- 100% organic distilled water
- Healing properties: Astringent, Antiseptic
- Cosmetic uses: skin health and beautification

An exquisite all-natural facial toner, Boswellness Carteri Hydrosol contains no synthetic or chemical ingredients. Just pure distilled water with the skin rejuvenating properties of frankincense. It's Mother Nature's anti-aging secret.
