

Commiphora Myrrha Essential Oil

Commiphora Myrrha Essential Oil starts with our directly sourced NOP certified oleo gum resin which is then hydro-distilled in small batches for a truly artisan result. An immune stimulant, this deep reddish-brown oil has a woody, spicy scent. Works especially well as a base note in your favorite essential oil blends.

- 100% organic distilled essential oil
- Healing properties: Immunostimulant, empowering & strengthening
- Topical uses: encourage wound and fungal healing
- Important Note: avoid during pregnancy

A remarkable immune stimulant with an empowering scent, Boswellness Myrrh Essential Oil contains no synthetic or chemical ingredients. Just pure distilled essential oil with the associated health and mood benefits.
